
Policy EEAEC Student Conduct on Buses

Last Issued 8/05

Purpose: To establish the basic structure for safe student transportation.

Safety is of prime importance for our students as we transport them to and from school and school-sponsored activities. Safety requires the cooperation of students, parents/legal guardians and school personnel.

The district charges students with the responsibility of conduct that will result in safe transportation, respect for school personnel and respect for other students. The school bus is an extension of school activity. Therefore, the board expects students to conduct themselves on the bus in a manner consistent with the established standards for safety and classroom behavior. All bus riders must cooperate fully with the bus driver and observe the bus rules.

The bus driver is responsible for supervision of students on the bus. The driver may stop the bus at any time when misbehavior or threatened misbehavior presents a hazard to safe driving.

The driver will report students who create a disturbance on school buses. The principal or his/her designee may suspend or deny bus transportation to a student whose conduct is detrimental to safety and order on the bus.

Each bus will be equipped with a radio.
